

**EL PASO FIRE DEPARTMENT
FIRE PREVENTION DIVISION**

HOMECOMING BONFIRE REQUEST

The El Paso Fire Department will approve requests for a bonfire based upon the requirements set forth by Section 307 of the International Fire Code. All conditions must be met prior to any approval. Application must be filled out in detail and all requirements must be met at least 10 days prior to the date of the display. If further assistance is needed, please call 771-1095.

Requirements for display:

- | Y | N | |
|--------------------------|--------------------------|---|
| <input type="checkbox"/> | <input type="checkbox"/> | 1. A plot plan or diagram showing the area where the burning will take place, the location and distances of spectators, buildings, or any combustibles. |
| <input type="checkbox"/> | <input type="checkbox"/> | 2. Deputy Chief will assign the standby pumper. |
| <input type="checkbox"/> | <input type="checkbox"/> | 3. A letter from the person conducting the display stating the time and location that the bonfire will take place, as well as the construction and material used. |
| <input type="checkbox"/> | <input type="checkbox"/> | 4. One fire extinguisher rated at least 2A10BC must be on hand and manned during event. |
| <input type="checkbox"/> | <input type="checkbox"/> | 5. Site inspected by FPD Inspector before event. |
| <input type="checkbox"/> | <input type="checkbox"/> | 6. Bonfire must be secured by personnel during construction up to the actual lighting. This will minimize any attempted tampering of structure. |

To be completed by the applicant:

1. Name of person and school requesting display: _____
2. Location where bonfire will be conducted: _____
3. Person conducting bonfire: Name: _____ Age: _____
Address: _____ Telephone: _____
4. Date of Display: _____ Time of Display: _____

Return completed application to the Fire Prevention Division at 8600 Montana, or fax it to 771-1024.

Standby Pumper unit: _____ Inspector conducting site inspection and time: _____

All requests are subject to the approval of the Fire Marshal or his designee. Wind speeds in excess of 25 mph will negate the approval for the bonfire.
